- November 13, 2015 (01:30 pm - 03:30 pm)
- November 13, 2015 (11:00 am - 01:00 pm)

Description

HASELT (acronym from: Hyper Advanced Solutions Engineering with Leading Technologies) is a software development, engineering, design and consulting company.

The primary expertise of the company is developing software solutions using latest modern Web, Cloud and Mobile technologies. As hyper advanced technology company we build modern, super innovative software solutions that are handling billions of operations per day worldwide, helping our clients achieve highest success in their business. Our team is an effective integration of highly passionate technology experts, gathered together with the idea of innovating and developing a better future for everyone. We are transmitting our human intelligence, as a main power source, through cutting edge technologies, to create a better world.

Are you interested in building your new website, mobile application, custom tailor-made software or an enterprise-level solution? Don't hesitate to contact us.
